

## **SECONDS COUNT IN AN EMERGENCY**

**RESIDENTS:** Linville Land Harbor utilizes the CodeRED Emergency Notification System - an ultra high- speed telephone communication service for emergency notifications.

**USES:** This system allows us to send critical communications, to all or targeted areas within Land Harbor in case of an emergency situation that requires immediate action. This system is capable of dialing the entire resort within minutes. It delivers a recorded message from the POA office describing the situation and any instructions for immediate or future action. The message will play when answered by a live person or an answering machine and makes three attempts to connect to each number. If you opt-in for text message and/or email alerts those will also be sent.

**CALLER ID:** The calling number will display 866- 419- 5000. To hear the last message delivered, simply dial the number back.

**PRIVACY:** Your contact information remains private and will only be used for critical communications.

**JOIN THE CODERED DATABASE:** Land Harbor has provided your phone numbers for your winter and summer residence. You will receive a phone call to both numbers (if different phone numbers). To add or change a phone number, including cell phones, or opt for the text message and/or email alerts, please visit the CodeRED registration page and enter your information. The CodeRED link can be found on Land Harbor's website.
